

Year 6 SATs practice page: Graphs (2)

Maths worksheets from mathsblog.co.uk

1) Here is a graph of temperatures outside at midday during one week:

Temp °C

What was the temperature at midday on Thursday?

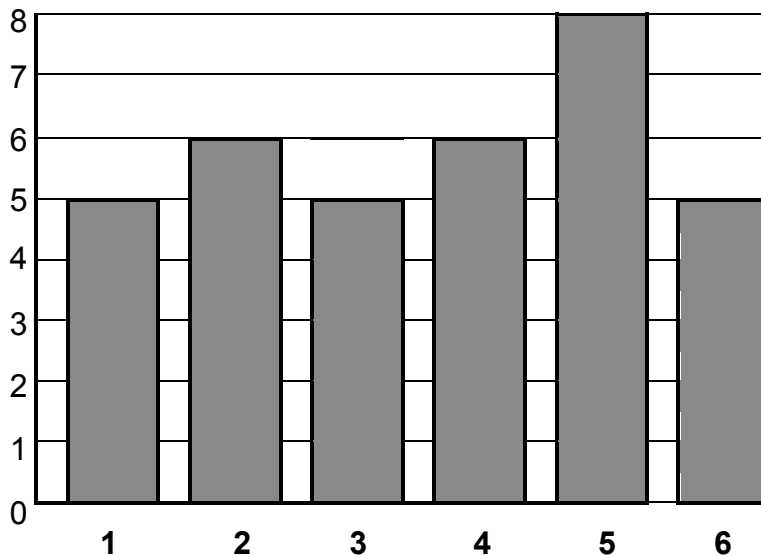

What was the temperature at midday on Saturday?

The temperature on Sunday was 13°C.

Draw a block on the graph to show this temperature.

2) Larry threw a dice several times. Here is a graph of his results.

**Frequency**

How many times did Larry throw the dice altogether?
